Importance: Normal
Subject: RM 10.9 "GRASS CHECK"
Start Date/Time: Tue 6/24/2014 2:00:00 PM
End Date/Time: Tue 6/24/2014 3:00:00 PM

As discussed on the call today, I think that 2+ weeks is enough time to determine if the grass will grow in the park. Apparently the geese are eating the seed and it is time for the hot summer sun, so a check on the progress of the grass in the park is necessary.

If this day doesn't work, I am available the entire week of the 23rd. Just let me know.

Mike
